A Startling Surprise.

Very few could believe in looking at A. T. Hoadley, a healthy, robust blacksmith of Tilden, Ind., that for ten years he suffered such tortures from rheumatism as few could endure and live. But a wonderful change followed his taking Electric Bitters.

"Two bottles wholly cured me," he writes, "and I have not felt a twinge in over a year." They regulate the kidneys, purify the blood and cure rheumatism, neuralgia, nervousness, indigestion and give perfect health. Try them. Only 50 cents at W. F. Peter's drug store.

The official vote in the county will be established and published as soon as obtainable.

Reliable figures on the township tickets, outside of Jackson township, were not obtainable in time for use today. They will be given complete later.

JACKSON TOWNSHIP.

The result in Jackson township is mixed, some democrats and some republicans being elected.

On the state ticket there is a slight democratic majority but as some of the election boards sealed up their tally

ELECTION RETURNS.

SWEEPING VICTORY FOR THE REPUBLICANS.

Jackson County Close, But Democratic Ticket Probably Elected by Small Plurality.—Especially Close Race for Treasurer.—Complete Returns Not in.

The republican eagle is a proud bird today for the election returns show another splendid republican victory. The rooster is still sad and lonely for he must remain in hiding yet for an indefinite period. The people voted to sustain the principles and policies of the republican party and the continuance of prosperity.

Indiana rolls up a majority of 30,000 and elects nine congressmen sure. The state legislature is republican in both branches, insuring the return of Senator Fairbanks to the United States senate.

New York, where such a bitter contest was waged for two weeks before the election, re-elects Governor Odell. Ohio repudiates the demagoguery of Tom L. Johnson with a majority that may reach 100,000.

The republicans will have a majority of twenty or more in the next congress and the business of the county will move on without interruption. It was a great day for the republicans and they are quite cheerful today.

IN THE STATES.

The republicans have carried the doubtful states and the next congress will be republican. Congressman Overstreet, secretary of the republican congressional committee estimates the house as republican by 26, with possibly some others that are still in doubt.

The result in the states is indicated as follows:

Indiana, R.....30,000

New York, R.....9,000

Ohio, R.....100,000

California, R.....5,000

Pennsylvania, R.....100,000

Wisconsin, R.....35,000

Massachusetts, R.....25,000

Michigan, R.....50,000

JACKSON COUNTY.

Official reports are coming in slowly from the Jackson county precincts. As we go to press not half have made complete returns, therefore we are unable to tabulate the vote today. The returns in, however show that the republicans have made large gains throughout the county. The democratic majority on the state ticket may not reach four hundred against 1005 two years ago. Griffith's majority over Spencer for congress will probably be less than 350. Hudson for prosecutor will not have more than 150 majority over Lewis in the county and if Washington and Orange have done as well by Lewis as Jackson he will be elected prosecuting attorney.

Jonathan Robertson's majority over Benj. F. Schneek for representative will be considerably below the majority for the democratic state ticket.

The closest race was between Isaac and Falk for treasurer. Unofficial returns indicate Isaacs' election by a small majority. The figures at hand indicate that Falk carried Brownstown township by 157, Vernon by 17, Carr by 9, Grassyfork by 15, and that Isaacs carried Owen 34, Driftwood by 6, Hamilton by 28, Saltcreek by 65, Washington by 6, Jackson 29, Redding, 83. These majorities if correct would give Isaacs a majority of 53. It will require the official count to determine.

It was a close race for recorder between Chas. F. Robertson and Henry Bruning and if Bruning was elected his majority will be less than 75.

The official vote in the county will be established and published as soon as obtainable.

Reliable figures on the township tickets, outside of Jackson township, were not obtainable in time for use today. They will be given complete later.

JACKSON TOWNSHIP.

The result in Jackson township is mixed, some democrats and some republicans being elected.

On the state ticket there is a slight democratic majority but as some of the election boards sealed up their tally

sheets last night official figures are not obtainable today. Griffith carried the township for congress by one majority. Four years ago, the year with which the vote this year is being compared, the township went democratic by five.

John M. Lewis, for prosecutor, carried the township by 100.

Benj. F. Schneek, for representative, carried the township by 33.

Isaacs carried the township by 29 for treasurer and Bruning for recorder 71.

Ford for sheriff gets a majority of 19.

Slagle for surveyor carries the township by 14, and Able for corner by 23.

J. H. Hodapp, for county council, is elected a member of the council by a majority of 36.

The vote on the township ticket was as follows:

THE MINERS' SIDE.

Hazelton, Pa., Nov. 5.—President Mitchell's statement, which was filed with the arbitration board Sunday has been made public. The demands of the miners are for an increase of 20 per cent in wages over the year 1901 to men performing contract or piece work, an increase of wages for the men employed by the hour and a shorter work day. The miners want 60 cents a ton for 2,240 pounds. Mr. Mitchell gives many reasons why an increase should be granted.

Moral Suasion and a Strap.

"She seems to have abandoned her moral suasion ideas relative to the training of children."

"She has?"

"How did it happen?"

"Well, I was largely instrumental in bringing about the change. You see, she has no children of her own, and I grew weary of her constant preaching and theorizing, so I loaned her our Willie."

"Learned her your boy?"

"Precisely. She was to have him a week on her solemn promise to confine herself entirely to moral suasion."

"Did she keep her promise?"

"She did, but at the expiration of the week she came to me with tears in her eyes and pleaded for permission to whine him just once."—New York Mail and Express.

His Case Not So Bad After All.

"Ah, it's a sad old world," sighed the man who had been cheated out of \$20.

"Yes," assented his neighbor. "One of my heroes got his head fast in the hayrack last night and broke his neck. I was offered \$200 for him less than a month ago."

"Fshaw! That's too bad. Looks as though it was going to brighten up, doesn't it?" And he went on his way whistling cheerfully.—Chicago Record-Herald.

His Revenge.

M. Colombes, a merchant of Paris, had his revenge on a former sweetheart, a lady of Rouen, when he left her by will a legacy of \$6,000 for having some twenty years before refused to marry him, "through which," states the will, "I was enabled to live independently and happily as a bachelor."

Strangers Now.

"You ought to see the lovely letters my husband writes," said the wife of a month to one of her girl friends.

"Oh, I've seen a few," rejoined the dear girl friend. "In fact, I've got nearly a trunkful of them in the attic."—Exchange.

Act! In action there is wisdom and glory and happiness. Action rouses hope, and hope rouses action.—Freedom.
